FOUNDATION FOR  
PHYSICAL THERAPY  
RESEARCH

**As the research funding organization of APTA, The Foundation for Physical Therapy Research is the only nonprofit dedicated to funding physical therapy research.**

The Foundation is grateful for the generosity of our corporate partners who support our mission of funding research and developing researchers. The Partners in Research program is solely a sponsorship opportunity and does not include any research collaboration or endorsement.

**As partners, your corporation will receive a variety of benefits throughout the year.**
