

Welcome to the Foundation for Physical Therapy Research's (FPTR) online submission system!

<https://foundation4pt.aibs-scores.org/>

To start the letter of intent (LOI) submission process, register by clicking on "create a login." At the registration screen, submit your first and last name, and email address (which is your username for the site) and create a password. Please record these details, as you can log into the system in the future with your email and password.

Once you have registered, return to the main page by clicking the Home icon. It is located at the top right of the screen. On the Home page, you can log into the site using your details.

After logging in, you will be brought to a list of all open solicitations. Access the mechanism you would like by clicking on "begin new submission." The application page involves submission of some general project information and a series of component uploads. To submit an LOI, you also need to add a People (personnel) Records yourself as the PI.

To return to the list of open solicitations and/or submitted/pending applications, click on the Home icon located at the top of the screen. When working on an application, you are able to work on portions, save, and return to it an unlimited number of times until you submit it (by clicking "FINALIZE"). Even once it is finalized, you are able to modify and re-submit your application until the submission deadline, however, you must 'un-submit' your application first and re-validate to finalize. Once the deadline passes, no changes can be made.

Important Points:

- Review this solicitation's corresponding Guidelines document before preparing a LOI.
- To ensure that you do not lose any information, save your work often (click "SAVE ALL QUESTION ANSWERS"). You can return to your submission by clicking "resume" under the mechanism on the Home page.
- No exceptions to the submission deadline will be made. FPTR will not be responsible for late LOIs or materials. It is your responsibility to ensure that your LOI is ready for submission in a timely manner. Plan to allow adequate time for technical assistance to resolve issues if needed.
- Read all instructions carefully and follow them closely.
- Regarding Attachments:
 - **Attachments must be submitted in Adobe PDF format.**
 - **Note that, where applicable, the template or form to be used is located above the link where each attachment file is to be uploaded.** These files contain prompts for the information and also contain the desired formatting settings (e.g., margins should be set at ½ inch and font should only be Arial, size 11 or 12). **Label the start of each section with the appropriate heading title.** We strongly recommend that you download and use the form when completing your LOI. Word files should then be converted to Adobe PDF for uploading.
 - **Please note** that page limits defined in each section are for the Adobe PDF, not the Microsoft Word document prior to conversion to Adobe PDF. When creating Adobe PDF files, do not alter default font and margins. Once you have uploaded Adobe PDF files, make certain that the information has uploaded, correctly and files are not corrupted
