INDEPENDENT AUDITORS' REPORT

Board of Trustees
Foundation for Physical Therapy Research, Inc.
Alexandria, Virginia

We have audited the accompanying financial statements of Foundation for Physical Therapy Research, Inc., which comprise the statements of financial position as of December 31, 2020 and 2019, the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Foundation for Physical Therapy Research, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foundation for Physical Therapy Research, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

FOUNDATION FOR PHYSICAL THERAPY RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Foundation for Physical Therapy Research, Inc. (the Foundation) is a nonprofit organization incorporated in the state of New York on January 29, 1957. It was organized to advance the science and art of physical therapy by awarding and distributing grants for research projects, scholarships, fellowships, and studies related to physical therapy.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Consequently, revenue is recognized when earned and expenses when the obligations are incurred.

Income Tax Status

The Foundation is exempt from federal income tax on its exempt activities under Section 501(c)(3) of the Internal Revenue Code (IRC) and is classified as a public charity under Section 509(a)(2) of the IRC. The Internal Revenue Service recognizes the Foundation's status as a public charity organization.

The Foundation is not aware of any activities that would jeopardize its tax-exempt status. The Foundation is not aware of any activities that are subject to tax on unrelated business income or excise or other taxes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash and Cash Equivalents

The Foundation considers all money market funds and investments with maturity of three months or less, other than those held within its investment portfolio, to be cash equivalents. Cash equivalents are stated at cost, which approximates fair value.

Investments

The Foundation carries its investments, consisting primarily of equity securities and mutual funds, at fair value, and investment income consisting of interest, dividends, and realized and unrealized gains and losses are reflected in the statements of activities. Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, the fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions.

FOUNDATION FOR PHYSICAL THERAPY RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Allocation

Interest, dividends, unrealized gains (losses), and realized gains (losses) on sales of investments are allocated to the Foundation's net assets with restrictions –time and purpose based upon the ratio of total net assets with restrictions to total net assets for each donor-restricted net asset group for which cash and investments have been received.

Accounts Receivable

The accounts receivable are stated at their net realizable value. The majority of the receivables are from amounts due from American Physical Therapy Association (APTA). Accounts past due are individually analyzed for their collectability. When all collection efforts are exhausted, the account is written off against bad debt expense. Management estimates that all receivables are fully collectible.

Pledges Receivable

Unconditional promises to give due in the next year are recorded at their net realizable value, which approximates fair value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using risk-free adjusted interest rates applicable to the years in which the promises were received. When necessary, an allowance is made for uncollectible promises to give based on management's judgment of the creditworthiness of the donors, past collection experience and other relevant factors.

Grants and Awards Payable

Grants and awards payable are recorded when approved and awarded by the board of trustees.

Net Assets

Net assets are classified based on the existence or absence of donor-imposed restrictions. The net assets of the Foundation are reported as follows:

Net Assets Without Donor Restrictions

Net assets without donor restrictions represent net assets used for the payment of scholarships and awards without donor restrictions and for the general operations of the Foundation. Board designated net assets consist of bequests and other gifts received which the board has designated for the Goergeny Fund and the Operating Reserve Fund. The Operating Reserve Fund was established as a designated fund by the board for the purpose of ensuring the long-term financial stability of the Foundation.

Net Assets With Donor Restrictions – Time and Purpose

Net assets with donor restrictions – time and purposes represent resources resulting from donor-restricted contributions, selected interest, dividends, and certain unrealized and realized gains (losses) earned on funds held in perpetuity. Revenue is recognized as without donor restrictions if the restrictions are satisfied in the same period as the support is received. Otherwise, once restrictions have been met by the Foundation, either by elapse of time or fulfillment of purpose, related amounts are reported as net assets released from restriction in the statements of activities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets (Continued)

Net Assets With Donor Restrictions – Perpetuity

Net assets with donor restrictions – perpetuity represent the corpus of contributions establishing endowment funds, which are to be maintained in perpetuity. Earnings on these funds are to be used for the purpose as set forth by the donors.

Management has adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Under UPMIFA, all earnings on endowment funds are restricted until appropriated for expenditure.

Revenue Recognition

Contributions, including unconditional promises to give, are recorded when the notification is received. All contributions are available for use without donor restrictions unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are fully met.

On April 14, 2020 the Foundation received a loan from First National Bank of Pennsylvania in the amount of \$159,600 to fund payroll, rent, utilities, and interest on mortgages and existing debt through the Paycheck Protection Program (the PPP Loan). The original loan agreement was written prior to the PPP Flexibility Act of 2020 (June 5) and was due over twenty-four months deferred for six months. Subsequent to this, the law changed the loan deferral terms retroactively. The PPP Flexibility Act and subsequent regulations superseded the loan agreement. The PPP Loan bore interest at a fixed rate of 1.0% per annum, with the first six months of interest deferred, had a term of two years, and was unsecured and guaranteed by the U.S. Small Business Administration.

On December 24, 2020, the Small Business Administration provided First National Bank with funds in the amount of \$160,668 to apply towards the Foundation's PPP Loan as the loan was forgiven. No principal payments were made and the Foundation recognized \$1,068 in interest expense. The initial loan of \$159,600 was recognized as revenue and is reflected in the accompanying statement of activities.

Sponsorships and ticket sales are recognized in the period the event or program is held. Amounts received in advanced of the related event are deferred until the event takes place.

Advertising

Advertising costs are expensed as incurred. Advertising costs charged to expense totaled \$30,898 and \$30,835 for the years ended December 31, 2020 and 2019, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs benefited, based on hours worked by the Foundation staff in each functional area. Costs are allocated among the following programs:

Educational

Expenses for management of the Foundation's scholarship and fellowships program including awardee payments and staff administration, online application system and tech support, peer review process, management of the Scientific Advisory and Research Committees, development of education sessions and scholarship and fellowship program development.

Scientific Research

Expenses for management of the Foundation's research grant program including awardee payments and staff administration, online application system and tech support, peer review process, management of the Scientific Advisory and Research Committees, development of education sessions and scholarship and fellowship program development.

Awareness

Raising awareness of a wide range of physical therapy research areas and its vital role for practicing physical therapists, which results in advancing healthcare and optimizing movement of patients and individuals across all age and disease spectrums.

Administrative and General

Expenses for overall function and management of the Foundation including costs such as accounting and financial services, legal fees, office management, auditing, board meetings, board minutes, insurance, and occupancy.

Fundraising

Expenses for fundraising includes salaries of fundraisers, postage and printing for appeals, publicizing fundraising efforts, online donation websites and conducting fundraising events.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Foundation measures fair value using a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Foundation may use valuation techniques consistent with the market, income and cost approaches to measure fair value.

The inputs used to measure fair value are categorized into the following three categories:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stock, corporate, and government bonds, that the Foundation has the ability to access as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the Foundation's own assumptions about the factors market participants would use in pricing an investment, and are based on the best information available in the circumstances.

With Donor Restrictions - Perpetuity	<u>(9,207,855)</u>	<u>(9,108,568)</u>
Total Financial Assets Available to Meet Cash Needs for General Expenditures within One Year	<u>\$ 2,377,707</u>	<u>\$ 2,177,196</u>

Board designated net assets consist of bequests and other gifts received which the board has designated for the Goergeny Fund and the Operating Reserve Fund. The Organization has a goal to maintain an operating reserve in an amount equal to six to eight months of average monthly operating costs, which exclude net assets with donor restriction – time and purpose, in-kind and other non-cash expenses. Such average monthly costs were approximately \$89,000 and \$146,000 for the years ended December 31 2020 and 2019, respectively. The Foundation had approximately twenty-six months and nearly fifteen months of financial assets available to meet its average monthly operating costs for the years ended December 31, 2020 and 2019, respectively.

Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through April 15, 2021, the date the financial statements were available to be issued.

DECEMBER 31, 2020 AND 2019

NOTE 2 CONCENTRATION OF CREDIT RISK

Credit Risk

Financial instruments that subject the Foundation to a concentration of credit risk consist of demand deposits placed with financial institutions. The Federal Deposit Insurance Corporation (FDIC) insures amounts on deposit with each financial institution up to limits prescribed by law. The Foundation may hold funds with financial institutions in excess of the FDIC insured amount; however, it has not experienced any losses in such accounts, and management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Market Value Risk

The Foundation invests in a variety of investments. These investments are exposed to various risks, such as fluctuations in market value and credit risk. It is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

NOTE 5 RELATED PARTIES

APTA is a professional association exempt from federal income tax under IRC Section 501(c)(6). During the year ended December 31, 2020, APTA was granted the indirect ability to appoint individuals that together constitute a majority of the Foundation's board of trustees. Therefore, APTA maintains both control and an economic interest in the Foundation, requiring consolidation of the Foundation into APTA's general purpose financial statements.

APTA contributed \$163,750 in support of post-professional doctoral scholarships and fellowships for the years ended December 31, 2020 and 2019. In addition, APTA contributed \$412,500 and \$407,500 in support of other research and general operations for the years ended December 31, 2020 and 2019, respectively. Such amounts are reflected within the contributions and grants revenue in the accompanying statements of activities.

The total amount of contributions gifted from board members represents \$89,031 and \$46,809 for the years ended December 31, 2020 and 2019, respectively. Pledges receivable from members of the board of trustees of the Foundation and the board of directors of APTA at December 31, 2020 and 2019, represented 0% and 2% of pledges receivable, respectively.

In conjunction with a management service agreement from APTA, at December 31, 2020 and 2019, \$274,895 and \$278,680, respectively, was due to APTA by the Foundation for personnel costs and other expenses incurred by APTA on behalf of the Foundation and are included within accounts payable and accrued expenses in the accompanying statements of financial position.

\$9,483 and \$5,495 at December 31, 2020 and 2019, respectively, was due to the Foundation from APTA for contributions and publication sales collected by APTA on behalf of the Foundation and are included within accounts receivable in the accompanying statements of financial position.

APTA pays certain expenses on behalf of the Foundation including salaries, benefits, and taxes for dedicated Foundation employees on APTA's payroll. For these expenses, the Foundation reimbursed APTA \$885,569 and \$880,758 for the years ended December 31, 2020 and 2019, respectively.

In accordance with the management service agreement effective January 1, 2010, the Foundation compensated APTA \$99,341 and \$89,166 for the years ended December 31, 2020 and 2019, respectively, in exchange for the provision of various services including: meeting coordination, communication services, information technology and accounting services, among others.

Prospectively, APTA will charge the Foundation for supporting services and rent in excess of \$250,000 per year for three years, as the first \$250,000 per year will be considered an in-kind contribution from APTA to the Foundation.

NOTE 8 ENDOWMENTS

The Foundation has donor-restricted endowment funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America, net assets of the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The board of trustees of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The Foundation interpreted Virginia's UPMIFA since the institutional funds are in Virginia. As a result of this interpretation, the Foundation classifies as net assets in perpetuity (a) the original value of gifts donated to the endowment in perpetuity, (b) the original value of subsequent gifts donated to the endowment in perpetuity, and (c) accumulations to the endowment in perpetuity made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets in perpetuity is classified as net assets with donor restrictions – time and purpose until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard prudence prescribed by UPMIFA. The Foundation considered all amounts earned on the endowment fund to be appropriated for current use, and amounts are released from restriction upon expenditure.

In addition to earnings on funds held in perpetuity that are not yet spent, the net assets with donor restrictions – time and purpose balance reflected in this disclosure also contains time and purpose contributions from those donors that contribute to the corpus held in perpetuity. These time and purpose contributions are released as expended.

Investment Policy

The Foundation's endowment investment policy is focused on preservation of capital and amounts are invested in mutual funds and money market funds.

Funds with Deficiencies

From time-to-time, the fair value of assets associated with the individual donor restricted endowment funds discussed above may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in net assets with donor restrictions – time and purpose. As of December 31, 2020 and 2019, there were no deficiencies reported in net assets with donor restrictions – time and purpose.

NOTE 9 IN-KIND SUPPORT

In 2020 and 2019, the Foundation received in-kind support for its events. Individuals provided fundraising costs and other related items that the Foundation would have otherwise had to purchase. The fair market value of these services has been included in contribution revenue and the related expenses have been allocated to the relevant programs in the statements of activities. In-kind support amounted to \$59,955 and \$52,030 for the years ended December 31, 2020 and 2019, respectively.

NOTE 10 CORONAVIRUS

During the year ended December 31, 2020, the World Health Organization declared the spread of the coronavirus disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains businesses, and communities. As of April 15, 2021, the amount and likelihood of loss relating to these events is not determined and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.
